

Dear colleagues,

we would like to thank you for your interest in our workshop dedicated to atomic physics with low-energy, heavy highly charged ions, which will take place at GSI on Monday/Tuesday, Nov 20-21, 2006.

Currently we are setting up a web page and preparing a detailed programme for the workshop which will be available by the end of this week. To be able to finalise the programme, we would like to ask you to send us as fast as possible the final title of your contribution.

Concerning the hotel reservation we want to stress that you have to do it on your own. The easiest way is to send an email to

h3287@accor.com

or to send a FAX to ++49-(0)6151-3970-123

In your reservation, you should mention the contingent number 43964. This room contingent will be available until November 7, 2006. We mention that the online reservation for the hotel does not work!!!!!!

If you need some assistance to organise your participation at this workshop, please let us know.

Looking forward to see you soon at GSI,
with best regards,

Angela Bräuning-Demian,
Wolfgang Quint
