17th European  
Conference on Object-  
Oriented Programming

July 21-25,  
2003

Technische Universität  
Darmstadt, Germany

Call for Papers (Preliminary)

ECOOP is organized by the Technische Universität Darmstadt, Germany and Konziel, Agency for Marketing and Communications under the auspices of AITO (Association Internationale pour les Technologies Objets).

## Executive Committee

### Conference Chair

Rachid Guerraoui,  
EPFL, Switzerland

### Program Chair

Luca Cardelli,  
Microsoft Research, UK

### Organizing Chair

Mira Mezini,  
Technische Universität Darmstadt, Germany

## Organizing Committee

### Workshop Co-Chairs

Alejandro Buchmann,  
Technische Universität Darmstadt

Frank Buschmann, Senior Principal Engineer,  
Siemens Corporate Technology in Munich

### Tutorial Co-Chairs

Max Mühlhäuser,  
Technische Universität Darmstadt

Krzysztof Czarnecki,  
DaimlerChrysler Research, Ulm

### Exhibition/Demo Chairs

Bernad Lukacin,  
Fraunhofer Institute for Computer Graphics, Darmstadt

Michael Stal,  
Siemens AG

## Program Committee (Preliminary)

### Mehmet Aksit

University of Twente, The Netherlands

### Suad Alagic

University of Southern Maine, USA

### Elisa Bertino

University of Milano, Italy

### Andrew Black

Oregon Health & Science University, USA

### Vinny Cahill

Trinity College Dublin, Ireland

### Theo D'Hondt

Vrije Universiteit Brussel, Belgium

### Peter Dickman

University of Glasgow, UK

### Sophia Drossopoulou

Imperial College, UK

### Urs Hoelzle

University of California at Santa Barbara, USA

### Atsushi Igarashi

Kyoto University, Japan

### Mehdi Jazayeri

Technical University of Vienna, Austria

### Eric Jul

DIKU, University of Copenhagen, Denmark

### Doug Lea

State University of New York at Oswego, USA

### Gary T. Leavens

Iowa State University, USA

### Jorgen Lindskov Knudsen

Mjolner Informatics, Denmark

### Boris Magnusson

Lund Institute of Technology, Sweden

### Mira Mezini

Technische Universität Darmstadt, Germany

### Oscar Nierstrasz

University of Berne, Switzerland

### Martin Odersky

Ecole Polytechnique Federale de Lausanne, Switzerland

### Jens Palsberg

Purdue University, USA

### John Reppy

University of Chicago, USA

### Guy Steele

Sun Microsystems Labs

### Jan Vitek

Purdue University, USA

## Technical Papers

The ECOOP 2003 conference invites high quality papers reporting research results and/or experience related to object technology. The conference will in particular welcome novel contributions based on new ideas and/or new areas for OO technology. The program committee will evaluate each contributed research and experience paper based on its relevance, novelty, significance, clarity, originality, and correctness. Research papers should describe work that advances the current state of the art. Experience papers should be of broad interest and should describe insights gained from practical application of object technology – of use to other researchers and practitioners. Papers must be written in English, and not longer than 10,000 words. Papers arriving late or clearly longer than the limit may be rejected immediately by the Program Chair. In any case, the referees will be allowed to ignore, for the purpose of their evaluation, any material exceeding the 10,000 words limit.

## Paper submission

Technical papers should be electronically submitted to <http://cyberchair.ecoop.org>. For information about formatting your paper please consult the Springer LNCS webpage [www.springer.de/comp/lncs/authors.html](http://www.springer.de/comp/lncs/authors.html). Please notice that ECOOP, as other scientific conferences, only accept original papers that have not been published and is not under review for publication elsewhere. Any double submissions will be rejected without reviewing and the other forum will be informed about the situation.

## Important dates

Start of electronic submission	Oct. 21, 2002
Deadline for paper submission	Nov. 24, 2002 (November 25, 6am GMT)
Notification of acceptance	Feb. 10, 2003
Conference	July 21, 2003
